Dance Shoes

- 

High-density
long fibre canvas
- 

Cushion Tech
- 

Anti-slip grip tech
- 

Washable in
whole shoes

The first-class cotton fabric is applied, the high density is 40% higher than the industry's warp and weft crossing process: a new generation of fiber high density textile, higher toughness, lighter weight, more wear-resistant.

Microfiber Grip Mega material provides dancers with precise balance between friction and movements.

The full range of 3D shoe body technology, the front footpad, insole and between the EVA material, soft, but also has the effect of reducing the gravity brought by the landing.

More environmentally friendly:
The production process reduces sewage treatment and environmental pollution discharge.

Feelings: It is more breathable and hygroscopic than leather process.

Optional Designs:

No-Tie Upper: cross elastic belt, easy to wear, there is no graininess in bare feet.
Not stuffy feet, reduce bacterial breeding.

Tie Upper:

Adjust the size of the shoe mouth as you need, fit the instep well.

Advantages:

- Double warp and weft textile, not easy to deformation, wear-resistant
- Use microfiber material, the whole shoe is safe to wash
- Free dance without fall offing of the shoe heels.
